Eisewhere in this issue appears a synon sis of the business of the Kansas Mutual Life association, of Hiswatha, Kansas, to which we call special attention. A glance at this exhibit shows this company to be in a most prosperous condition. Its growth from year to year in business magnitude and financial strength is most gratifying to both management and policy holders. Although the cost of insurance in the Kansas Mutual Life is much less than in the old line companies its surplus assets show conclusively that its premium rates are ample to meet every obligation. Safety and economy characterize this company.

THE DYER RIFLES.

A New Military Company to be Organized Very Soon.

A HERALD scribe yesterday interviewed Captain William Smedley in regard to the formation of a new club, to be called the P. H. Dyer Rifles. Captain Smedley said the reason for organizing the new club is that a number of young men have made application for membership in the Den-halter Rides and have been refused. A committee from the Denhalter Rides waited on Mr. Dyer and asked him to help a club in the same manner as Mr. Den-halter did, the club to be named after him. Mr. Dyer has sent an order for the gans of the new company and together with Mr. Denhal er has hired the large hall over the Hanson Produce company in the Market row.

The Manmoth mine made a record during the past year that is hard to equal, and the percentage of its gain has excelled all competitors. It has paid during the past year \$520,000 in dividends, which foot up to over half the annual sum paid out by the great Ontario.

At the annual election held yesterday afternoon the oid ourd and officers were elected, except that F. W. Jennings stepped out to make room for his brother, isaac
